

PROFESSIONAL SUMMARY

Detail-oriented Health, Safety, and Environment (HSE) professional with a Bachelor of Science in Physics and formal qualification in NEBOSH International General Certificate standards. Demonstrated expertise in conducting comprehensive workplace risk assessments, identifying occupational hazards, and enforcing strict safety protocols across technical and renewable energy environments. Proficient in executing Permit-to-Work (PTW) systems, Lockout/Tagout (LOTO) protocols, emergency first aid, working-at-height safety, and environmental health compliance.

CORE COMPETENCIES & TECHNICAL SKILLS

Safety Management:	Workplace Risk Assessment, Hazard Identification, Incident Investigation, Permit-to-Work (PTW), LOTO Systems
Technical & Operations:	Working at Height, Electrical Safety, Scaffolding Safety, COSHH Regulations, Emergency First Aid & Rescue
Auditing & Compliance:	Environmental Management System Audits, Fire Hazard Management, Occupational Health & Safety Compliance
Languages Known:	English, Malayalam, Hindi, Tamil

PRACTICAL PROJECT EXPERIENCE

HSE Risk Assessment Project Specialist

Project Assessment

Celtox Solar Energy Private Limited — Kannur, Kerala, India

- Executed a full-scale occupational health and safety risk assessment covering administrative offices, a 350m² warehouse, 200m² electrical workshop, and rooftop solar installation environments.
- Evaluated and cataloged 10 critical hazard categories including Working at Height, Energized Electrical Circuits, Manual Handling, Hazardous Substances (COSHH), and Heavy Vehicle Movements.
- Formulated and recommended actionable risk control measures aligned with international standards including ILO Convention C155, Recommendation R164, OSHA, and UK HSE HSG33 guidelines.
- Developed comprehensive safety intervention plans featuring Mobile Elevating Work Platforms (MEWPs), permanent roof guardrails, Lockout/Tagout (LOTO) procedures, and noise control barriers.
- Structured employee safety communication strategies, emergency response protocols, pre-use tool inspection schedules, and site-wide toolbox training frameworks.

PROFESSIONAL CERTIFICATIONS

- NEBOSH International Gen. Cert.
- Industrial OHS Certification
- Firefighters & Extinguisher Safety
- Environmental System Audit
- Construction Safety
- Health & Safety for Workers
- Emergency First Aid at Work (EOSH)
- Fire Safety & Hazard Mgmt
- Environmental Safety
- Scaffolding Safety Awareness
- Incident Investigation Training
- Basic Safety Training

EDUCATION

Bachelor of Science in Physics

EKNM Govt College Elerithattu, Kerala

Graduated: March 2026

Higher Secondary (12th Class)

Valliyodan Kelu Nair Smaraka HSS Varakkad

Passed: March 2023

Secondary Schooling (10th Class)

Valliyodan Kelu Nair Smaraka HSS Varakkad

Passed: March 2021
